#### **21 V.S.A. § 655a. Release of relevant medical records by health care providers; department to oversee release and use of relevant medical information**

##### **§ 655a. Release of relevant medical records by health care providers; department to oversee release and use of relevant medical information**

(a) Health care providers examining or attending the examination of an injured worker pursuant to this chapter shall provide relevant medical records and reports as requested by the injured worker, the employer, or the department regarding the diagnosis, condition, or treatment of the worker, permanent impairment, or any restrictions or limitations on the worker's ability to work upon receiving a written medical release authorization from the injured worker. The authorization shall be on a form approved by the department. If the relevance of any medical information is disputed, the department shall determine whether the requested medical information is relevant.

(b) Medical information relevant to the specific claim includes a past history of complaints or treatment of a condition similar to that presented in the claim or other conditions related to the same body part. Information that may be requested includes:

(1) Minimum data to justify services and payment, including that on the standard paper 1500 form or electronic 837 form.

The commissioner may order that specific disclosure requests be denied or rescinded and may make such other interim orders as are appropriate.

(e) Any medical information received in conjunction with a claim shall be used only for the purpose of advancing or defending a claim relating to the injury or of investigating a claim of false representation or of ensuring compliance with the workers' compensation statutes and rules.
